Road committee will reassess decision

Dysart Reeve Murray Fearrey would like to know if the county road committee has made a major change in policy and, if they have, he feels the matter should be brought before the entire county council for consideration.

The debate over roads policy arose at the January 18 meeting of county council and surrounded the committee's recommendation that the Ingoldsby bridge not be replaced but rather repaired.

Fearrey described the committee's actions as a major shift in road policy. He noted that the committee has agreed to spend \$6000 for structural repairs to the bridge but that the repairs will not improve the carrying capacity of the structure. He said the decision to spend \$6000 to repair the bridge, an action which committee chairman, Bicroft Reeve Bill Howe, has said will extend the life of the bridge by ten years, follows a decade of studies, engineering reports, expropriation hearings and other related matters which cost the county up to \$50,000.

The Dysart reeve also noted that the county has spent close to a million dollars to improve the road surface on County Road 18, but the road still is served by

the single lane bridge at Ingoldsby.

Committee chairman Bill Howe pointed out that the road's needs were established in 1971. "The growth factor on which those projections were based have changed a great deal since then," he commented. He said the road has little commercial value.

Fearrey countered by suggesting that a potential sale of granular material for the reconstruction of Highway 121 two years ago was lost because the bridge was not built to carry the load.

Howe noted that according to the Canada Transport Act any new bridge cannot be built lower than the present structure. However, he pointed out there was no jurisdiction to spend the money needed to replace the bridge. He said the traffic count on the road was not high. He asked if a new bridge is really required at this time.

County Engineer Bill Obee said the count on the road is 500 vehicles per day in the off season and up to 1000 vehicles per day during the summer months. He described it as, "the second most heavily travelled county road in the county."

Howe added that there has not been any accidents

on the road in the past year and that commercial traffic was nil.

Fearrey said it was "borderline" whether the county grader could cross the bridge and said that cement trucks serving the area must use a different route to reach the village, because of the weight limit on the structure.

The road committee chairman said there were other routes in the area that these trucks could use. He said the committee felt it was time to bring this issue to a head. "Do we need a new bridge?" Howe asked, "We have to be practical in our approach."

Fearrey asked if the committee considered the cost of replacing the bridge to be too high, why did the group agree to assume the Bobcaygeon Road. He noted the road has a traffic count of less than 50 at the north end.

Howe said the road had been assumed for maintenance purposes and money would not be spent on construction when funds were available.

Anson, Hindon and Minden Deputy Reeve Ed Pergolas predicted the Bobcaygeon Road would become an area of major development in the next

(more on page 2)

A three-wheeler leaps high into the air as it crests one of the many jumps on the all-terrain track at Minden arena. The Sno-Cross, featuring ATC's and snowmobiles was held Saturday. For details on the weekend action, turn to page 11.

Agencies present appeals for county assistance

A member of agencies serving the Highlands appeared before Haliburton County Council January 18 seeking financial support for the coming year. The Haliburton Highlands Guild of Fine Arts, the Chamber of Commerce and the Haliburton Highlands Information Centre and Home Support Services all presented outlines of their programs and explained why they needed the financial assistance of the county.

Chamber

The Chamber of Commerce, represented by president Ken Langdon, laid out a package of promotional efforts and membership services which would require a contribution from the county amounting to \$104,000.

According to the presentation prepared by the Chamber, the request would be divided between administration \$44,000 and tourist and convention marketing at \$60,000.

Langdon told the meeting that the Chamber would be seeking to strike a higher profile in the coming year. He outlined the complete promotional program, indicating costs and expected benefits. In some instances the costs of the promotional program were supported

through revenue gained in advertising or other sources.

Highlights of the proposed promotional effort include a promotional program which will take a Haliburton Highlands display booth into high traffic malls in and around

the Toronto area. The Central Ontario Tourist Association will be sharing in part of the cost, which has been estimated at \$8,000.

Other expenses include: \$3,000 will be spent on the

(more on page 2)

A weighty matter overhead

The consequences of a white winter were starting to weigh on the minds of cottage owners in the Haliburton County area this week. The weighty matter has also exerted a great deal of pressure on roofs, especially those which haven't been shoveled recently.

According to the police, several collapsed cottage roofs have been noticed in the county, especially north of Carnarvon where the snow has been particularly heavy. They suggest there could be other roofs which have buckled under the heavy snow load, but they may not be discovered for some time.

The amount of snow this winter has been the highest in a number of years. Last winter, which saw regular thaws and little snowfall, may have lulled some cottage owners into a false sense of security.

Minden weather recorder Phil Graham noted that there are 21 inches of compressed snow on the ground and that north of Carnarvon that figure could be up to ten inches more. During the winter some 5 feet, 5 inches has fallen.

Mild temperatures which were experienced Tuesday will increase the weight of the snow. While colder temperatures are expected later this week, a moderating trend or rainfall could increase the weight factor dramatically.

Past president of Minden Library Committee, Harold Morgan, presents Irene Moore with a gift of appreciation for her many years of service to the local library. Irene and longtime friend Jeanne Sears were honoured by the group Monday night. For a complete story please turn to page seven.

Agencies appeal for county funding

(from page 1)

summer accommodation guide; \$5,000 for convention brochures; \$750 on meeting and convention advertising; \$850 on special shows held to interest convention planners; \$7500 on tourist and travel shows; \$5,000 on media advertising including newspaper and magazines; \$5,000 for familiarization tours for travel writers, travel agents and convention planners; \$5,000 for the hiring of a professional marketing firm to assist the Chamber in finding the best way to project that "higher profile"; \$17,000 for advertising in

the 'Golden Horseshoe' area on television, billboards, newspapers and magazines; \$500 for the continuation of a news release program; up to \$7,000 for miscellaneous promotion purposes; \$12,000 for the inwats toll free line. A portion of this cost is supported by local subscribers; \$250 for the plastic bag promotion; \$750 for a real estate promotion brochure; and \$8,000 to administer the previously mentioned programs.

The Chamber president noted that the Harvest Festival program, which operated for two years, has

been dropped by the Chamber. Describing it as an excellent idea, he noted it was a money loser and suggested that service clubs might consider taking on the idea in the coming year.

Guild presentation

Ken Wilson, the treasurer of the Haliburton Highlands Guild of Fine Arts spoke on behalf of the organization in their appeal to county council. He told the meeting that the group's financial position was "not very strong," and that they expected a deficit in May of \$10,000.

Wilson told the councillors that the Guild and Rails' End Gallery was responsible for attracting a large number of visitors to the county. He said that while Dysart was the main beneficiary of that effort, all

of the municipalities in the county derived some benefit from the group's existence.

He pointed out that last year the organization had a budget of close to \$100,000 and received a donation of \$1,500 from the county. He said the organization has appealed to Dysart council to assist in eliminating the

deficit.

Dysart had provided up to \$7,000 in support last year in the form of an outright grant as well as support services for the gallery.

Wilson said the Guild would like to see the county double its grant to \$3,000 this year.

Another spokesman for the Guild, Barb Bolin told the meeting that the volume of business the Guild has been doing in 1983, in relation to sales at the Gallery and at special events through the year, had increased, but that the amount of donations received has been less. She said that the Guild receives most of its membership support from the municipalities of Dysart and Anson, Hindon and Minden.

Various sections of the Guild, the meeting was told, are involved in a membership drive which should help increase interest in and support for, the group's activities.

Information Centre

Dorothy Baker, chairperson of the advisory board spoke to the councillors on behalf of the Haliburton County Information and Referral Service. She outlined the brief history of the organization and highlighted some of the ways in which the group has assisted individuals and families in the county.

She said that more young people are using the service now.

According to Mrs. Baker, volunteers helped fill a gap when funding from the federal government was delayed last year. The present operating grant expires in July of this year and she told the councillors there was no way of knowing if it would be renewed.

The organization has

received \$10,000 from the federal department of Employment and Immigration while a \$3600 grant has been made available from the Ontario Ministry of Community and Social Services. She said if these grants are not renewed, the future of the service could be in doubt.

No specific amount was mentioned in her appeal.

Home Support

Marie Wallace addressed the councillors on the services and needs of the Haliburton County Home Support Services. She described the many programs sponsored by the organization, which operates mainly with volunteers.

Mrs. Wallace noted that the group is dedicated to ensuring senior citizens can stay in their homes as long as possible before having to take up residence in an institution. She said some of the programs supporting this aim included meals on wheels, wheels to meals, volunteer drivers, phone-a-friend, visiting and other services provided through the volunteers to ensure seniors are not forgotten.

It was noted that many of those who provide volunteer service are senior citizens as well and they benefit by remaining active and involved in their community.

No specific sum was requested from the councillors.

During the next two months the members of county council's budget committee will mull over these submissions and others made by letter to determine how much each group will receive. The next meeting of the council is in March when the budget figures will be announced.

Few municipalities support purchase of radar unit

The municipality of Anson, Hindon and Minden is the only one out of three in the county to so far respond positively to a suggestion that local governments share in the cost of equipping the Minden detachment of the OPP with its own mobile radar unit.

At the January 18 meeting of county council it was revealed that Dysart and Glamorgan councils both objected to the expenditure of their funds to make the purchase.

The suggestion that the municipalities assist in the purchase of the unit was made last year by the then warden, Bicroft Reeve Bill Howe. He noted in his letter to all municipalities, that due to provincial restraints, the local detachment will have to share a radar unit

with other detachments in District 7. He suggested that by sharing in the \$2500 costs, either on a proportional basis or on an even split, the municipalities of the county could provide the piece of equipment for the detachment.

The letter from the Minden council said the municipality would be willing to contribute \$250 to the project. The Dysart council rejected the proposal, while the letter from Glamorgan township stated the purchase of equipment for the OPP detachment was not a local responsibility.

Bicroft Reeve Bill Howe told the meeting that while his municipality had not responded formally, they were in favour of contributing to purchase. He suggest-

ed the county council wait until all municipalities had answered the request before discussing the matter. (Lutterworth township council has also dealt with the matter at their monthly meeting. The council has rejected the idea of contributing to the purchase.)

Lutterworth Reeve Ron Gambell said, "It's ironic that we spend thousands of dollars to attract tourists to the area and then we turn around and try to raise money (to purchase a machine) to give them tickets".

Howe responded by suggesting the \$2500 was a small price to pay to avoid having the many rock cuts in the county littered with car accidents and injured passengers.

Lutterworth Deputy

Reeve Glynne Lewis supported the idea saying the police needed the support of the community they serve. He said that if the community could make their work easier, by supplying them with the latest tools to do the job, they could spend more time on the more serious aspects of policing the county. "The more we inhibit their work, the more we'll pay for it later," Lewis commented.

The matter was left until the March meeting for further discussion.

AHM agenda

Agenda for the regular Anson, Hindon and Minden council meeting to be held in the municipal council chambers on Thursday, January 26, at 7:30 p.m.

1. Adoption of minutes.

Delegations

2. 7:30 p.m. - Ernie Hills, Haliburton County Farmer's Association. Re: 1984 farmer's market.
3. Correspondence.

Other Matters

4. General, Water and Sewer accounts.
5. Boundary Information Centre accounts.
6. Report Re: staff at Scotch Line Landfill Site.
7. Report Re: C.H.I.P.
8. Discussion Re: use of old Welch property on Main Street.
9. Report from celebrations committee.
10. Report Re: Co-Ed grant at December 31st, 1983.
11. Appointment to Minden Recreation Committee.
12. Appointment to negotiating committee.
13. Other business.
14. Adjournment.

Katimavik needs billets

The Minden Katimavik group is once again looking for families to take in the participants for a two week billeting period.

According to local coordinator, Scott Moody, the

billeting period allows the young people, who come from all regions of Canada, a chance to learn more about this part of the country by establishing a close relationship with a family. "In the past we have

found that not only does the participant benefit from the billeting program," Moody stated. "The host family can find the stay of the participant to be an enriching and enlightening experience as well."

The billeting period runs from February 19 to March 4. During that time the participant is expected to be a part of the family where he or she is staying, contributing to the family's activities and sharing in responsibilities. If possible, and if the individual shows an interest, the participant can be included in the work routine of family members as well.

The federal government, which sponsors the Katimavik program, provides a stipend to the family to help cover the extra expense incurred in the billeting.

For more information about the program, those interested can contact Scott Moody at 286-3777.

Bridge decision

(from page 1)

seven years. He also noted that while the municipality he represents contributes 19% to the county road budget, only 6% of those roads are located within the municipality. He said it was time for Anson, Hindon and Minden to stop subsidizing the other areas of the county.

Howe questioned the relevancy of the figures provided by the deputy reeve. He noted that county roads employees live in the municipality and that other county amenities are located

in the municipality, including the county seat and Hyland Crest.

Pergolas countered by saying Anson, Hindon and Minden has eight county road employees living within its boundaries. Dysart has eleven, Snowdon six, Monmouth three and two each in Stanhope, Lutterworth and Bicroft.

A resolution asking the roads committee to re-examine their assessment of the Ingoldsby bridge was endorsed by the council before the matter was closed.

Mother, daughter on quiz show

It is not very often that a seven year old girl has the opportunity to appear on network television but that dream came true for Andrea Pawluch of Minden.

Andrea and her mother Lynda had been watching the CTV program "Just Like Mom" last summer and were curious to find out how contestants were chosen for the program. Lynda's husband Nick suggested that she phone the television station.

When Lynda phoned she was informed that she need only submit an application form and a photograph of herself and her daughter. The application was approved and two weeks later the entire family including younger brother Tristan travelled to the CFTO studios to tape the show. The family also brought along a cheering section made up of friends and relatives for the August 11 taping.

According to her father, Andrea was a bit intimidated at first and "taken by the size of it all" but soon relaxed. Nick added that the stage crew and the hosts Fergie Oliver and Catherine Swing were very friendly and not at all intimidating.

During the program three children, all aged seven were asked a series of questions by the hosts. Their mothers,

Little Andrea Pawluch and her mother Lynda pose for our photographer. Andrea looks so sad because the normally happy child was suffering from a severe case of the 'flu.

who had been offstage, must then guess what their children's answers were.

In the next segment of the program the children try their hand at cooking then the mothers try to guess which dish was cooked by their son or daughter.

The last segment of the program is the opposite of the first part. This time the children must guess what their mother's answers were. The mother and child team who receives the most points get a chance at a trip to Disneyland.

Andrea and Lynda did not win the big prize but did receive several complimentary gifts. Andrea was disappointed that she had not won but enjoyed the experience and explained that "I just wanted to go on to find out what it was like". She added that she would like to appear on the show again but contestants are only allowed to appear once on the program.

The show that the Pawluchs appeared on was aired on January 3 on CHEX television. This was a month earlier than the family expected and they were taken completely by surprise. As a result they were unable to watch the whole program but fortunately the show will be presented again on CFTO channel 9 on January 31 at 10:30 a.m.

Lutterworth backs restoration of Kinmount sawmill

The village of Kinmount has found another supporter for its proposal to create a major tourist attraction on the shores of the Burnt River.

At its regular council meeting on Thursday night, Lutterworth Township passed a resolution supporting the Township of Somerville, in principal, on the restoration of the Austin Sawmill and improvements on the remaining land.

Somerville Deputy Reeve Bryce Young who has spear-headed the proposal attended Thursday night's meeting and outlined the plans for the tourist complex. He commented that "The mill represents the way of life of

many of our ancestors in this area."

The water powered mill, one of the few left in Canada, is situated on the Burnt River at the dam in Kinmount. Constructed in the 1880's the mill was in operation until five years ago but requires extensive renovations and repairs to remain in operation.

Mr. Young explained that the primary purpose of the restoration would be to use the facility to demonstrate the operation of a water powered sawmill but added that it was quite feasible that the mill could become self sufficient through the sale of lumber.

Mr. Young foresees the

possibility of acquiring pulpwood and sawlogs from the Victoria County Forest which is situated less than eight miles away. The "thinning" operation which is carried out each year will continue over the next 40-50 years.

Somerville Township has already acquired the old CNR Railway Station which is adjacent to the sawmill. The station is currently undergoing a restoration and although there are no specific plans for the station at present the building will be part of the overall tourist complex along with 10-12 acres of riverfront property which could be developed as

a park or campsite.

Deputy Reeve Young explained that Somerville Township is not seeking financial support from the adjoining municipalities but does want to build a broad base of political support before the proposal is presented to the three provincial ministries which might be involved.

Lutterworth Council enthusiastically endorsed the proposal and passed a resolution supporting Somerville's project and resolved to take the proposal to the Haliburton County Council in conjunction with Snowdon Township.

Purchase questioned

The question of whether the municipalities of Haliburton County should contribute to the purchase of a radar speed detector for the local detachment of the Ontario Provincial Police deserves examination.

1983 Warden Bill Howe has asked all ten county municipalities to consider whether they would be willing to pay for the unit. Most of the townships to have considered the matter so far have said "no."

The question has taken on several facets. Those who object to municipal funds being spent for what is a provincial responsibility, equipping the OPP, have a valid point. They suggest that if a need were demonstrated, through traffic accident statistics, then the province would quickly find the \$2500 necessary for the radar unit. On the other hand, if the community waited for the senior levels of government to act every time there was a need, real or perceived, progress would be slow.

In the past few years the police have been returning to the community much of the responsibility for protecting itself. The Neighbourhood Watch program is an example of such a self-help undertaking. The provision of a piece of equipment for exclusive use within the county is an extension of this attitude.

One disturbing aspect which has arisen around this question is the we/they mentality. It has been suggested that giving police equipment to catch speeders is somehow contrary to other efforts to attract visitors to the Highlands. Nothing could, or should, be further from the truth. Laws which regulate the speed of vehicles on provincial highways are not there to trap unsuspecting motorists or to enrich the coffers of the government. They represent an assessment of what is a safe and prudent speed for vehicles. The laws are there to protect individuals, not to trap.

Paying a fine for a speeding offence is not a pleasant experience but then, as one member of county council commented last Wednesday, neither is scraping bodies off the numerous rock cuts which dot our countryside.

Editor:

On behalf of the Board of Directors of the Recreational Rehabilitation Society of Ontario, I would like to inform you of the current position of the Society.

The Recreational Rehabilitation Society of Ontario are pleased to announce that as of January 1st, 1984, Camp Mikashawnee is now the property of the Society and is no longer leased.

The summer of 1984 will see Camp Mikashawnee opening its doors for the first time to the disabled population of Ontario. We had hoped that we would be in operation by the fall of 1983, but due to various circumstances this was not possible. As soon as the snow has gone, we will be sending work crew to the site and all will be a hive of activity. We hope that the

people of Minden and surrounding areas will bear with us on this delay and we look forward to working with you to make Camp Mikashawnee one of the best outdoor recreational areas for the handicapped in Ontario.

We were also pleased to announce that even though our own facility is not open as yet, we have commenced offering programs to our clients, using one of the conservation areas of Metropolitan Toronto.

We also have working with us, a group of very interesting volunteers who this year will be doing most of our fund raising under the direction of our new Acting Executive Director.

I hope the update on our Society will tell you that certain matters have changed and we at the Society look forward to

meeting and working with the members of your community in the near future.

Nick F. Holmes
Executive Director (Acting)

Editor:

Further to a telephone conversation of today's date (January 16, 1984) with Mr. Cal Wilson, Manager, Minden Area Office, Ontario Hydro, I am pleased to report that no Tordon Picloram, (the controversial I.B.T. chemical disputed by the anti-pollution committee at County Council in May

1983), was used by the crews authorized by the Minden Area Office in 1983 for vegetation control. However, 110 gallons were used by the Tower Line Crews on an isolated section of the tower line south of Algonquin Park due to a mix of deciduous and evergreen bush.

According to Bryan Allen, Vegetation Control, Ontario Hydro, Toronto, Tordon is being used by them in other areas of Ontario.

Federation of Ontario Naturalists

This coming May, on the outskirts of Tulelake, California, genetically engineered organisms will be released outside the laboratory for the first time. If they do their job, they may ultimately affect the availability and price of fresh produce on your table. If they don't, well, who knows?

The bugs in question are variations of a common bacteria known as *Pseudomonas syringae*. They're found at the centre of raindrops and frost on plants. And they have a remarkable characteristic. Something on their surface encourages water to arrange itself in a crystalline structure, from whence it readily forms ice.

Of course frost damage to fruit and vegetables in the American sunbelt costs billions of dollars each year.

Dr. Stephen Lindow of the University of California thinks he may have the solution, and he wants to spray it over a small field of potato plants at the University research station. Dr. Lindow has managed to cut out the one gene from the bacteria's genetic code, eliminating its ability to make ice. The assumption is that these new improved bugs will compete with and replace the normal model.

So what, you say. We all know water automatically freezes at 0 degrees Celsius, right? Wrong! In fact water often solidifies at minus 1 degree C and without the assistance of normal *pseudomonas syringae* the temperature may fall to between minus 6 and minus

Dog appeal ad clarified

Victoria - Haliburton MPP John Eakins has asked this newspaper to clarify the circumstances surrounding an advertisement which appeared in last week's edition of The Times.

The ad, entitled, "If You Love Your Dog", asked readers to send a coupon to John Eakins, asking him to petition Premier William Davis to change the procedures followed by officials in attempting to stop dogs molesting deer.

Eakins noted that since only his name appeared on the ad, individuals might have been under the impression that he had placed the advertisement. The ad was placed in this newspaper by the owner of the dog in question.

Eakins said it was part of his duty to present petitions to the government which have been collected by his constituents. "I have done it in the past and would be glad to do so for anyone who wishes to present their views to the government," Eakins said. However, he noted he has never been the initiator of a petition, in particular the appeal which appeared in last week's newspaper.

Winter fun... ...all weekend

A fun time is scheduled this Friday, Saturday and Sunday. Plan to attend the annual Kinsmen Winter Carnival and take in some of the activities lined up for your enjoyment.

Friday night at 5:30 p.m., be at the arena to see the judging of the Carnival Queen or at 6 o'clock, go across to the curling rink to see the Carnival bonspiel. At 7:30 p.m., the Minden Figure Skating Club will perform a short presentation on the arena ice surface and at 8 p.m. it will be followed by the official opening ceremonies and the introduction of Miss Canada, Cynthia Kereluk from Edmonton, Alberta.

Other events taking place at this time are the sock hop at Archie Stouffer Elementary School and the very-popular Crowe's Nest in the arena auditorium featuring Rev. Ken and the Lost Followers.

8:30 p.m. will see the crowning of the chosen Carnival Queen with Miss Canada officiating. Then at 9 p.m. the Minden Juveniles take the ice to treat the spectators to an all-star hockey game. Their opponents for the game are

Powassan Juveniles.

Saturday, the pace quickens with a Novice hockey tournament beginning at 8 a.m. and at 9 a.m. the Carnival bonspiel continues.

Ten o'clock sees the start of the car races on ice and registration for ATC Sno-cross.

As in previous years, a bus service between the arena and downtown will begin at 11 a.m.

The traditional parade will commence at Noon from Dollo's I.G.A. following Main Street to the arena. This is also the time for registration for the wrist wrestling contest at the Crowe's Nest, which also opens at the auditorium with entertainment by the very popular Tommy Williamson.

The sno-cross races begin at 1 p.m. and at 2 o'clock the outdoor activities commence, including pole climb, log sawing, tug of war, etc. at the parking lot adjacent to the tennis courts.

Carnarvon United Church women are providing their annual roast beef dinner at Zion United Church in Carnarvon at 5:30 p.m., and to end the

evening, back to the Crowe's Nest or game two of the Minden and Powassan Juveniles all star hockey game.

Sunday from 8 a.m. until Noon there will be free public skating in the arena. At 9 a.m. join your friends for the delicious pancake breakfast in the auditorium.

The bonspiel playoffs will begin also at 9 o'clock while at 10 a.m., the car racing on ice will be held at the fairgrounds.

Registration for ATC and snowmobile drags takes place at Noon and at 2 o'clock, plan to be part of the crowd entertained by Minden Figure Skating Club when they present their annual Carnival Extravaganza, featuring guest star, Miss Tracy Wainman.

Three o'clock sees the favourite Sunday afternoon activity, a chicken eating contest at the Crowe's Nest.

The Carnival appears to be going to be a most enjoyable experience. The Minden Kinsmen Club are to be congratulated on their evident hard work and dedication.

The full schedule of events can be found on the centre pages of this edition.

Cynthia Kereluk

Haggisology

by T. Ungincheek

ADDRESS TO A HAGGIS by Robert Burns

*Fair fa' your honest, sonsie, face,
Great chieftain o' the puddin' race,
Abune them a' ye tak' your place,
Painch, tripe or thairm,
Weel are ye wordy o' a Grace,
As lang's my airm.*

The above words were written by Scotland's national bard, the Immortal 'Rabbie' Burns who was born in Ayrshire on January 25, 1759 and who died 37 years later on July 21, 1796.

Like most famous people, Burns fame increased greatly after his death and his poems and songs have become world famous. One hundred and eighty eight years after his death, people are still gathering on January 25 to pay homage to the great man, by partaking of a "Burn's Supper".

The traditional meal served at these banquets is haggis, neeps and 'nips' (a traditional Scottish dish, served with mashed turnips and washed down with multiple 'nips' of whisky). As noted in the above poem, even Burns seemed to think of the haggis as being a "puddin'" however, we at The Times have been researching on the subject, and have come across a publication by Alexander MacLean, a student of haggisology, on the life of the haggis - the real haggis - and we would take this opportunity to pass along some of Mr. MacLean's words of wisdom on the subject.

The origin of the haggis (hagginasus) is lost in the mists of time - but there is no doubt about it being a purely Scottish beast. The animal was hunted by the ancient Picts and Scots who used the Haggis Hound (a breed now extinct) to flush their prey from the cover of the heather.

In early times the young haggis was highly prized as part of the ancient peoples' diet. But because of its spectacular turn of speed in early life it is difficult to stalk and today the young animals are rarely killed for food. Present day preferences are for the more sophisticated taste of the adult animal's flesh.

One species only is found in the Isle of Mull - the brindle-coated haggis, the only long-haired variety. It is this particular strain which has given rise to many stories about the furiosity of these greatly misunderstood animals.

It is a little known fact that the adult haggis changes its sex every seven years. And few people are aware that it is this phenomenon which triggered off one of the most popular axioms of modern times. Just before the haggis is about to change sex it suffers prolonged bouts of itching. The creatures can be observed rubbing themselves on any convenient protuberance. So we have the saying 'the seven year itch'.

haggis basher

A sea creature

The haggis was once a creature of the seas and lochs. Even to this day there are some haggis which have signs of what was once a dorsal fin. The Institute of Grasspoint, Mull, has the fossilised remains of a haggis that was fully aquatic. Cave drawings found on many of the Western Isles leave no doubt in the minds of scientists that the haggis did not become a land animal until early in the seventh century.

One group of research workers put forward the theory that the sounds heard by Mendelssohn on his visit to Fingal's cave were made by the last remaining aquatic haggis and not the waves of the sea.

Signs of the dorsal fin are never found on any of the Mull haggis. These pure-bred animals living in an area of near-drought do, however, take to water with obvious enjoyment.

Added to the established fact that the haggis is purely Celtic in origin, it has been proved that it is a native of one particular part of Scotland - the Hebrides. Haggi did not appear on the mainland until the time of invasion by the Norsemen. These hungry men of the sea hunted and harried the animals to such an extent that many of them swam from island to island in an attempt to evade the hunters.

It was from the Isle of Mull that they reached the mainland by entering the sea at a spot just beyond Duart Point and, swimming first to the island of Kerrera, they reached the shores of Argyll at a point where Oban now stands.

The Mull haggis is without doubt the purest of all known strains anever having been crossed with animals from the mainland. This accounts for much of the fierceness found in the haggis living wild on the hills of Glen More, West Ardhru and Loch Buie. Research has shown that this is mainly due to the diet enjoyed by the Mull haggis.

Gunna haggis

Another rare species worthy of mention is the Gunna haggis. The isle of Gunna lies between Coll and Tiree. Owned by an animal lover, it is the haven of the most docile haggis of all. Gunna is given over to the exclusive use of what we humans call the lesser animals. Sheep, cattle, haggis and Barnacle goose. The Barnacle goose fertilises the island in the same way as the guan birds of South America deposit fertiliser on the Galapagos Islands. This results in Gunna having pastures unique in the Western world. The lush green grass is known in the area as 'gentle grass' because of its delicate texture. The Gunna haggis thrive on their diet and because of the abundance of natural fodder, never go hungry. They are the only grass-eating haggis. It appears to be a case of well fed - well behaved. So, in an area of a few square miles, we have the most aggressive and the most docile of a species.

Islanders fearing the extinction of the whole race at the time of the Covenanters, brought some of the Gunna stock over to Mull where they hid them in caves.

We who love the haggis - wild or domesticated - for its sheer beauty of form, its delightful habits, its grace of movement and its never-to-be-forgotten tweedy scent, owe these dedicated men and women beyond our ken. Praise to their memory.

Summer employment programs

by Bill Scott, M.P.

Summer Canada 1984 (employment programs) will be funded at \$170 million. These initiatives are expected to create jobs for about 69,000 participants and to result in more than 333,000 placements. A breakdown by program follows.

Summer Canada Works creates jobs in experience-giving summer projects. Projects should employ at least three local students and produce tangible goods or

services to benefit the community.

Eligible sponsors: Established organizations such as community and volunteer groups, professional and technical associations, local governments where the province raises no barrier) and private sector employers.

Funding: \$109.4 million. Estimated number of participants: 41,000.

Deadline for applications: February 24, 1984.

(Information and application forms will be available in mid-January from Canada Employment Centres and Employment Development Branch offices of Employment and Immigration Canada.)

Summer Career-Access creates students internships in the private, public and non-profit sectors. The internships give students an opportunity to test their knowledge in a work situa-

tion, to develop career-related work skills and to acquire the kind of experience that will help them when they eventually make the move from school to work.

Eligible sponsors: Individuals, established organizations such as community and volunteer groups, professional and technical associations, local governments (where the province raises no barrier) and private sector employers.

(To ensure a good mix of employment opportunities in specific sectors and to provide a productive and varied summer job experience for students, eligible sponsors will be contacted directly by Employment and Immigration Canada staff. More information about Summer Career-Access is available from Canada Employment Centres.)

Funding: \$30.5 million. Estimated number of participants: 12,000.

Internships for Native students are also provided within the Canada Employment and Immigration Commission. These internships will give Native students an opportunity to learn about counselling and placement activities, as well as about other tasks performed in CEIC offices.

Funding: \$2.3 million. Estimated number of participants: 400.

A network of more than 450 Canada Employment Centres for Students will again be operating across Canada in the spring and summer months. These offices, which operate from April to September, are staffed by post-secondary students and recent graduates. Their primary aim is to find summer jobs for secondary and post-secondary students and to assist employers in finding workers for the summer months. Staff also offer advice on how to search for a summer job, as well as information on the various federally and provincially sponsored summer employment programs for students. (In Alberta, these offices are known as Hire-A-Student offices.)

Funding: \$13.6 million. Estimated number of participants: 1,600. Estimated number of placements: 333,000.

Students interested in working on a Summer Canada project or internship must register at their local Canada Employment Centre or Canada Employment Centre for Students.

I urge all those interested in the Summer Canada Works Program to apply as soon as possible.

The Department of National Defence Cadet and Reserve Training Programs create jobs that offer students both a physical and mental challenge. The Cadet Program provides members of the year-round cadet program with a summer employment that contributes to self-discipline, good work habits and a positive approach to the labour market. The Reserve Program helps participants acquire basic work skills by providing on-the-job training in a variety of trades within a military corps setting.

Funding: \$13 million. Estimated number of participants: 13,700.

The RCMP Special Supernumerary Constables Program provides challenging jobs for students studying in fields related to the Canadian justice system. Through this program, students are hired as peace officers for the summer in jobs that are designed to improve police / community relations.

Funding: \$1.2 million. Estimated number of participants: 300.

A salute to top athletes

-by John Eakins, M.P.P. -

As the Official Opposition Critic for the Ministry of Tourism and Recreation, I was pleased that the Minister notified me of the selection of Ontario's athlete-of-the-year. We can be proud of the many fine athletes in this province. Ski-jumper Horst Bulau, 21, of Ottawa has been named outstanding amateur athlete-of-the-year for 1983.

The selection was made by a committee consisting of representatives from the media and the Ministry of Tourism and Recreation. The committee also voted Excellence Awards to six athletes from an original list of 18 nominations. They are swimmer Alex Baumann of Sudbury, alpine skier Todd Brooker of Paris, hurdler Mark McKoy of Scarborough, figure skating pair Paul Martini of Woodbridge and Barbara Underhill of Oshawa (one nomination), boxer Shawn O'Sullivan of Toronto, and luge competitor Miroslav

Zajonc of Toronto.

The committee also named the curling rink of Ed Werenich, Paul Savage, John Kawaja and Neil Harrison team of the year.

I agree with the Minister that the selection committee faced a very difficult time singling out one athlete; our province is rich with amateur athletes of tremendous accomplishment in the world arena.

It is most certainly appropriate that Horst Bulau's name will now be inscribed on the Gladstone Sculpture as Ontario's athlete-of-the-year for 1983.

Bulau won seven times and finished second three times at World Cup events during the 1982-83 season, placing second behind Matti Nykanen in the overall standings. Bulau's late season charge included 70 - and 90 - metre wins in Lahti, Finland, Nykanen's home country. Bulau began the 1983 - 84 season with a 70 - metre win and a third place

in the 90 - metre at Big Thunder last month.

From the Avonlea Curling Club, the Werenich rink won the Silver Broom, emblematic of the world curling championship. For the first time the committee also named a runner-up. The designation went to the world junior champion curling rink of John Base, Bruce Webster, Dave McAnerney and Jim Donahue, of the Mississauga Golf and Country Club.

Alex Baumann returned from a shoulder injury to establish a world best time record in the 200-metre, short-course individual medley. At the World University Games in Edmonton he won six medals, including two gold. He finished the year ranked first in the world for the 200 - and 400 - metre IMS.

Todd Brooker won World Cup downhill races at Kitzbuhel, Austria and Aspen, Colorado, finishing the 1982 - 83 season as the world's top-ranked downhill.

Mark McKoy set Canadian indoor records in the 50 - yard, 50 - metre and 60 - metre sprints, won the 110 - metre hurdles at the

Munich International Invitational and placed fourth in the same event at the World Track and Field Championships in Helsinki.

Shawn O'Sullivan won gold medals at the Canadian National, North American and Commonwealth vs. U.S.A. boxing championships and took the bronze medal at the World Cup in Italy.

Barbara Underhill and Paul Martini won the Canadian senior pairs championships for the fifth consecutive year and earned the bronze medal in the world championship at Helsinki.

Miroslav Zajonc won the Lake Placid world luge championship, breaking the track record.

At the March 30th Ontario Sports Award dinner in Toronto, these athletes will be honoured along with winners of the Special Achievement Award, given in recognition of volunteer service, and the Sports and Fitness Certificate, given for outstanding contribution to sport. In all, approximately 1,000 athletes are expected to attend the banquet.

Outdoors

(from page 4)

10 degrees C before ice forms and plants are damaged. Therein lies the proposed solution to frost damage - a solution that is borne out so far, by experiments on green vegetables.

Genetic research remains highly controversial of course. It's entirely possible that Dr. Lindow's spray program may be prevented by lawsuits now before the U.S. courts. Many people, scientists included, are concerned by the fact that such scientific breakthroughs continue to outpace the ability of governments to predict and monitor their impacts on the environment. In this case, critics argue that the new pseudomonas microbe may reproduce outside the laboratory, entirely displace or destroy the naturally-occurring variety and cause unsuspected damage to flora and fauna.

So far neither the field tests nor the lawsuits have

reached north to Canada. In fact, this technological wizardry has not sparked any real enthusiasm among Canada's food scientists. According to Dr. Chris Andrews, a research scientist with Agriculture Canada, the bacteria may work where temperatures rarely dip below 0 degrees C. But in Canada's foodlands, when ice starts forming from super-cooled water at minus 10 degrees C, instead of minus 1 degree C, it is a far more rapid and destructive process. Plant tissue is thoroughly penetrated and dies.

So the new bug won't likely appear next to the fertilizer and pesticides at your favourite garden store this spring. That's probably for the best. The federal government is only now beginning to discuss the issues raised by biotechnology and gene-splicing, including the need for regulatory controls on this brave new world.

Founding librarians receive tribute

At a supper held on Monday evening Irene Moore and Jeanne Sears were honoured for their dedicated support of and service to the Minden Library.

During the supper, the two close friends reminisced about the many changes that the library has gone through. Irene was an active supporter of the library when it was destroyed in a fire in 1942. Through her efforts and the work of many other volunteers, the library was re-opened within a year in the former registry office.

Mrs. Moore became librarian at that time and when the quarters became too small, she was instrumental in acquiring a new building that was donated by S.W. Welch. The building was located on a lot on Peck Street donated by Mrs. Annie Cox.

In 1945, Jeanne Sears moved to Minden with her husband Milton who was born and raised here. Mrs.

Sears continued her teaching career while dedicating a great deal of her time to the library.

In 1958 Mrs. Moore, who was still the librarian and Mrs. Sears, then the chairman of the Library Board, worked along with many volunteers to purchase a building that had served as the bank for many years. The old library was donated to the Boy Scouts and replaced by the former bank.

In 1966 Mrs. Sears became the "acting head librarian" when Mrs. Moore stepped down to take her place on the county board.

Mrs. Sears explained the reason she and all of the other librarians in the county are called "acting librarians" is because none of them have degrees.

On January 31 Jeanne Sears will be retiring from her position. After many busy years as a teacher, writer and librarian, she plans to spend a lot of time just reading.

Acting head librarian Jeanne Sears greets Kevin McNab and Tony Trumbull as they make use of the library facilities. Jeanne, who has been actively involved in the Minden library since the early 1940's will be retiring from her post next Monday.

Mrs. Moore has retired from her position on the library committee to devote more time to the museum.

At the supper held Monday evening, former library committee president

Harold Morgan presented Jeanne with a new camera, one of her many hobbies and Irene with a beautifully illustrated book on birds of North America, on behalf of the committee.

The members of the committee were very happy to honour these ladies and relieved when both expressed a desire to continue helping in any capacity if requested.

Kinette Korner

Recently the Minden Kinettes served tea and home baked treats to Seniors at the Hyland Crest Senior Citizens' Home. The tea was well attended and both the Seniors and the Kinettes enjoyed being entertained by Doris Robertson at the piano and Bert Harrison on the harmonica.

At the last general meeting (January 10) many upcoming projects and events were the topic of discussion for the Kinettes. The Winter Carnival is just around the corner and plans are already well underway for the annual Valentine's Dance and quilt draw for Cystic Fibrosis (February 18).

We appreciate the community's support of our projects, and look forward to participating in the events planned by the Community for Minden's 125th Anniversary. See you at the Winter Carnival.

(Prepared by Cathy King)

Recipes sought for museum cookbook

An interesting and productive museum meeting was held last week at the cultural centre. After the usual reports were given, attention was given to the cook book "A Pinch of the Past" which is being compiled in celebration of our 125th anniversary.

Dear Readers, this is YOUR cookbook too. Get involved! Let us have your recipes that are fifty years in your family. Also a note if they are of special interest. Give your recipes to Freda Hulbig, Pat Burke, Jennie Hagan, Irene Moore or Laura Kirkwood. Could we have them by the middle of February if possible?

Mr. Pat Clarke attended the meeting to discuss the work being done on the interior of the museum. He is installing glass doors for shelf displays, valance boxes as well as other improvements.

The Horticultural Society is interested in beautifying the grounds with tree plantings. The Parks Committee will be putting top-soil down and seeding the lawns in the spring. John Hulbig will donate hydrangea and snowball shrubs to be planted around the foundation. We believe in the saying "Think Spring!"

Discussion was held regarding a float for the Winter Carnival. It was decided that we were not able to prepare one this year.

Don Nye has a sketch made of our sign and he will be asked to submit it to the committee at the next

meeting, February 20th. Wendy Wilkins is the Museum representative on the co-ordinating committee.

Many people have indicated they have articles they wish to be placed in the museum. Now is the time of

year to hunt up these articles so they can be catalogued and made ready for display when the museum opens in the spring.

Remember it is your museum. It's success depends on your participation. John Hulbig will pick up any large articles for you.

WIN

\$500.00

in Dixie Lee Chicken and Seafood's Chicken Barbeque Sauce Contest

Enter your favorite recipe for Chicken Barbeque Sauce. If our panel of local judges picks it to be the best, we will buy the recipe from you for \$500.00.

Deadline for entries is Feb. 15, 1984, all entries to be mailed to: Barbeque Sauce Contest, c/o Dixie Lee, Box 328, Minden, Ontario, K0M 2K0.

Ensure that your name and return address and phone number are on the recipe. Judging will be held Feb. 20 at the Dixie Lee in Haliburton. No purchase is necessary for entry. Sauce only to be used at Dixie Lee Haliburton and Minden outlets.

Answers sought to line future

Haliburton County Council would like to know what plans, if any, the province has for the Canadian National Railways line which was abandoned two years ago. A letter to the Ministry of Transportation and Communications is being sent from the council to obtain that answer.

The matter was raised at the January 18 meeting of the council. It was prompted by a letter from Anson, Hindon and Minden council suggesting that the county press to have the line reserved for recreational purposes such as a snowmobile trail or horseback riding trail.

The line, which runs from Kinmount to Haliburton Village, was abandoned two years ago by the CNR after a hearing by the Canadian Transport Commission. Under the provisions of the disposition of railway rights

of way, the province has first refusal, then local political jurisdictions and finally adjacent landowners.

Anson, Hindon and Minden Deputy Reeve Ed Pergolas told the meeting that he felt the line was an asset to the county and should be retained.

Snowdon Reeve Bob Vick said his township was interested in using portions of the railbed as a summer road. He noted the line follows the Burnt River and would provide access to property along that waterway.

Dysart Reeve Murray Fearrey noted that whoever assumes the line will have to

accept responsibility for the bridges, including maintenance and liability. He also suggested that if the province was interested in acquiring the line, the county should let it proceed since it would mean the expense of purchasing the property would fall to the senior level of government.

According to the manager of the Minden District office of the Ministry of Natural Resources, an assessment of the recreational potential of the rail line is currently underway. He said the assessment would cover all potential recreational activities and provide an estimate of the use that

could be expected.

White said it appeared that if the retention of the line for recreational use could be justified, special funds would be made available for its purchase. The local report is being prepared at this moment. A response to the report is expected this spring.

Cardiff Reeve Mack Peters told the meeting that a similar situation had arisen in his end of the county and the province had taken over the abandoned line. He said the Ministry of Natural Resources had suggested the line be used as a seasonal recreational trail. The property is now being held by the province.

Branch 129 news

Recent Legion services were held for Comrade Duncan MacLean, an active Branch member; Keith Sisson, a Branch and Midland Regiment member. We extend sympathy to these families, and also to the family of Stan Roberts. He, too, was a Midland Regiment member.

At the January 5 General Meeting, Comrade Hawman presented the following candidates for initiation: George Hunt, Vincent Hammond and Peter Bounsall. Also, at this meeting, Keith Brannigan was elected as a member of the Executive Committee, and also as Chairman of the Sick and Visiting Committee. If you know of any comrades who are ill, or in bad circumstances, please contact Keith at 489-3238. In addition, please contact Lloyd Whitaker at 457-1093 if you wish an appointment with the D.V.A. representative who attends at the Legion every Tuesday.

Jack MacDonald, and his committee, were responsible for the excellent New Year's Eve dance and supper at the Branch, which proves that a low admission charge and a great social time can be compatible. With the Zone shuffleboard tournament on February 11, and the second annual international dart tournament coming up on February 19,

between Deadman's Cross, England, and Branch 129, Haliburton, Reg. Crockett is busy.

President Bruce has retired from the Ministry,

and we are keeping him busy at the Branch, and since Fay is working, we understand she keeps him busy at home. It has been too cold for parades, so Jim Hobson has time to rest up for another big season. We miss the several members who have gone south to escape the cold. Among these were Gerald and Joan Irish who are sporting a beautiful Barbados tan. Those of us who stayed home are enjoying curling every Monday night as organized by Bob Colliver and his helpers. For the ride for Crippled Children, the Branch pledged fifty dollars.

Comrade Sylvia Sisson would be grateful if all cadets would get their applications to her as she is especially busy preparing for the District Convention in April - another first for Haliburton.

Work on the upstairs bar is nearing completion, and Earl Shipley and his committee are to be commended for the artistic design and the convenience of the furnishings.

Many Scottish friends attended the regular Robbie Burns Haggis supper and

dance on January 21. Don Johnston and the Haliburton Pipe Band, along with the Scottish dancers were most enjoyable. Mary Packard prepared the Haggis, and the L.A. did their usual excellent job in preparing the supper.

Now is the time to mark the date of the monthly General Meeting on your calendar - the first Thursday of every month at 8:00 p.m. See you there!

(Prepared by Mabel D. Brannigan)

Minden W.I.

There were 18 members and 6 guests present at the January meeting of Minden Women's Institute on the 18th at the Cultural Centre. Mrs. Lyman Cox presided, and gave a reading to begin the meeting. After the usual reports we heard from Mrs. A. Coulter, that convenor, Mrs. W. Moore had sent out 18 cards since the last meeting. Collections for this Fund and Pennies for Friendship were taken, and several put money in the Birthday Box.

The Minden W.I. Story was read by Mrs. Sears and this will be in the booklet to be published by "The Times" for Minden's 125th birthday.

Mrs. M.J. O'Neill read Current Events of 1983 and this reminded us of the past year, sometimes happily, and sometimes sadly.

We are to exchange home-made valentines at the next meeting and also will have a sale of wrapped gifts to be brought at that time.

We are also to make plans for our special day in June and also for a bus trip in either the spring or the fall with suggestions needed at the next meeting.

Mrs. Beauchage was able to give her demonstration but we will have her at another meeting. Mrs. Cox then gave an amusing story and following this she welcomed two new members, Mrs. D. Cox and Mrs. I. Houghton.

Next meeting will be at the Cultural Centre at 2 on February 15th. The meeting then adjourned and a social half hour followed with the delicious lunch served by the committee.

Ladies

The champion of the first schedule is the Lois Titus rink of Elaine Blakey, Joanne Cubbidge and Linda Oitment. The runner-up position was captured by the Toos Reid team of Betty Cully, Diane Cowen and Betty Dicker.

Mens

The first schedule winner is the John Dicker foursome of Keith Oitment, Herb Gill and Bob Glenn while second spot was picked up by Stan Blears, Al Mayo, Bill Holding and Peter Franzen. In third spot was the team of Bill Obee, John Dillon, Roy Simard and Gord O'Brien. All three teams finished with sixty points each.

The playoffs were held last week with a couple of excellent games curled in this league. In the semi-finals, the Paul Mayo quartet - fourth place finishers - defeated John Dicker 9 - 6 while Bill Obee ousted Stan Blears 9 - 2. The final was a very exciting match with the Mayo rink finally subduing Obee by a 9 - 6 count. Paul was absent from the games, due to exams, but Peter Jennings did an admirable job of skipping Mike Amyotte and Harold Cowen to the playoff championship.

Thursday Mixed

The regular schedule champs are J.O. and Jean Jackson, Norm Harrison and Helen Lowe. Runners-up are Bob and Dale Austin and Doug and Lyn Colbourne.

In semi-final playoff action last week, Jackson squeezed by Jim Burton with a hard-fought 8 - 5 decision while the other contest saw Bob Austin grab an early lead and eventually coast to a 13 - 0 whitewash over the Jerry Pillsworth rink.

The final contest between Jackson and Austin was close until the fifth end at which time J.O. assumed control of the game and cruised to a 9 - 3 victory. Our Rotary Exchange student, Helen Lowe, had returned home prior to the playoffs, so Jean Scott capably replaced her on Jackson's team. Congratulations to the Thursday Mixed playoff champs of J.O. and Jean Jackson, Norm Harrison and Jean Scott.

Friday Mixed

John Dicker, Marion and Gary Anderson and Betty Dicker are the regular schedule champions. Runners-up are Bill and Penny Obee and Nick and Lynda Pawluch.

Playoff action last week

saw the Don Blakey team blank John Dicker 9 - 0, while Paul Prentice used a last rock take-out for three points to eke out a 7 - 4 decision over Bill Obee.

The final saw Prentice come through with a tough 6 - 4 victory over Blakey's rink. A tip of the hat to the Friday Mixed playoff champs - Paul Prentice, Jane Symons, Lawrence Loughheed and Patti Prentice.

The overall mixed playoff champions were determined last Friday as Paul Prentice duelled J.O. Jackson for the laurels. This was an extremely well-curved and exciting final - one of the best the club has seen in some time.

Jackson opened the scoring with a single in the first end and then he promptly stole one in each of the next two ends to lead 3 - 0, after three ends. Paul picked up a point in the fourth and stole one in the fifth before J.O. added another point in the sixth end. Using last rock in the seventh end, Paul grabbed a deuce and tied the match 4 - 4, coming home.

With Paul lying one in the four foot, and heavily guarded, J.O. attempted a long raise for shot. However, the rock curled a little more than expected and it appeared it may have curled through a tiny port which would have enabled him to draw to the Prentice stone for the win. As it crossed the near hog line, the stone held up ever so slightly and it caught the inside edge of a guard stone, from which it wicked over to a centre-line guard where it wicked and rolled to the four foot. After close inspection it was determined that J.O. had claimed victory by about one-half an inch (curling has not gone metric). You have to be good to be lucky and both of these teams curled superb games.

Our congratulations to Paul and his team who came along so well and who may hold their heads up high and be proud of their efforts. Also our hearty endorsement to J.O. and his rink for their fine performance and their great sportsmanship in victory. J.O. put together an unbelievable season of ten wins, two ties and not a single loss. He can add this championship to his already bulging trophy case.

By the way, Justin asked me to recognize the great card players the club boasts and to mention the following euchre and cribbage enthusiasts who claimed many apres - curl victories: Howie, Dee-Jay, Willie and Maggie, Johnny Dec, the Pillbox and the 'Prez'.

Winners of the Minden Ladies Bonspiel are shown after their victory on Wednesday afternoon. Team members include skip Emily LaRue, vice Linda Brohm, second Ann Lee and lead Arlene Scheffee. The Haliburton rink amassed the most points during the eight team tournament held at the Minden Curling Club.

Driver injured- \$600 damage

A snowmobile accident Thursday evening resulted in one individual being taken to hospital and over \$600 in damages to the two machines.

The mishap took place on a snowmobile trail in Have-lock Township. The injured driver was 48 year old Glenn McChesney of Kerwood, Ontario. He sustained a broken leg in the mishap. His snow machine suffered

\$600 damage.

According to the police, McChesney and a second driver, Mark Hartshorn, 29, of Barrie, met on the trail. The Hartshorn vehicle apparently slid out of the track and into the McChesney machine. The Hartshorn snowmobile sustained \$10 damage.

The incident was investigated by Constable Dave MacMartin.

Great finish for Huskies

The Haliburton North-ernways' Huskies took on the league leading Gravenhurst Indians on Sunday and matched them goal for goal in one of the most exciting home games of the season.

Less than a minute into the final game of the regular season the Indians got their first penalty. Eight seconds later Robb Abbs took a pass from the face off circle and blasted in a long shot from the blueline. After some effective penalty killing by the Huskies Jim Lee scored on an identical shot.

At the 13:26 mark Gravenhurst scored their first goal on a screened shot from the slot then tied the game just before the end of the period on a hard shot from point blank range.

In the second period Gravenhurst scored on a breakaway to put them ahead for the first time in the game. A few minutes later Scott Arbutnot took a pass from Dave Nicholls and tied the game at a 3-all after a long rush from his own end.

At the 10 minute mark the Indians went ahead 4-3 on a power play goal. A little over a minute later Glen Shapiera evened the score on a shot out of a goal mouth scramble. Near the end of the period the Huskie penalty killing line completely dominated the play and scored a short handed goal at the 18 minute mark. Dave Nicholls as effective as ever in the corners passed out to Bernie Upton who made no mistake on his quick shot.

At the 5:09 mark of the third period Gravenhurst tied the game at 5 all on another power play goal. At the 9:25 mark Ron Yake put the Huskies ahead again on a power play goal then a few minutes later Bernie Upton drifted in alone on the left wing, sized up the Indian's goalie and beat him on a

Huskie forward Ron Yake fights for position in front of the Gravenhurst net during Sunday's game. The Huskies tied the first place team 7-7 in the last game of the regular season.

wrist shot from the face off circle.

With 4:51 left in the game the Indians narrowed the gap on a deflected shot over Dave Story then tied the game two minutes later during a pile up in front of the Huskies net.

The Huskies play the first game of the playoffs tonight at 8 p.m. against Parry Sound. The fourth game of the series will also be played at the Dysart Arena and takes place on Sunday at 2 p.m.

Bowling scores

The latest scores received from the Monday afternoon Golden Age bowlers are as follows: Wes Stata beat his own high triple and single this week with a gorgeous 829 triple and a 403 single. Earl McDonald also had a big day with a 795 triple and a 339 single. Congratulations fellows! Bradley Baker spared for us and had a 650 (230, 229). Other good games were bowled by John James, 217, 204; Marion Hughes 233; Luther Wilson 213; May Spence and Ann Baker 207; Helen Stott 206 and Ev Stata 202.

Team standings: Doves 101; Crows 100; Owls 84; Budgies 73; Robins 69 and

Eagles, the strongest holding the rest up with 67.

Men's Commercial

The latest scores from the Men's Commercial league who bowl on Wednesday nights are: High triples from week of January 11 - Neil Jackson 726; Andy Terry 769; Ron Robinson Jr. 804; Darryl Bell 784; Gord Everall 719. High singles - Perry Morrison 262; Wes Stata 289 and Fred Cox with a 241.

Team standings are: Modern Electric 138; Carnarvon Lanes 121; Kashaga Ford 108; Guilford Rec. 103; Harding Metals 99 and Carnarvon Lumber 79.

Local driver claims sno-cross top prize

Steven Stewart emerged as the top driver of the snowmobile and ATC races held on Saturday in Minden. The event, which was sanctioned by the Ontario Snowmobile Racing Federation, was held on a winding well groomed track at the Minden fair grounds that featured a number of high speed jumps and sharply banked corners.

The 21 year old driver entered every event of the afternoon on his way to the top spot.

Stewart who has been competing in snowmobile races for the past four years drove his 1976 Polaris to victory over a number of brand new factory sponsored racing machines. He also gained the top place finish in the ATC events driving a 200 X Honda.

Jeff Howe of Minden placed second overall in the ATC races driving a 200 X Honda even though his machine had transmission problems. Both racers were involved in a spectacular collision that sent drivers and machines tumbling through the air, but fortunately neither of them were injured and they con-

tinued racing.

A similar race held in Eagle River that offered much larger cash prizes also took place on the weekend. This conflict in the racing schedule reduced the number of entrants here. The bitterly cold weather also kept competitors and fans away but had little effect on the intensity of the competitions.

Race organizers were disappointed at the small turnout but were encouraged by the favourable comments offered by a number of visiting competitors. The drivers felt the track was well laid out and

offered a serious challenge yet was not as punishing on the drivers or their machines as other courses.

Overall points winners were as follows:

ATC races

1. Steven Stewart, Minden, 66 points.
2. Jeff Howe, Minden, 46 points.
3. Ben Martinez, Markham, 45 points.

Snowcross races

1. Steven Stewart, Minden, 57 points.
2. Brian Eickmeier, Mitchell, 49 points.
3. Dwight Bauman, Kit-chener, 48 points.

Barry Stewart, right, proud father and Sno-Cross official, congratulates his son Steve Stewart who was named top driver in the Saturday Sno-Cross at the Minden arena.

puck talk

The winter carnival weekend will feature two events of interest to hockey fans.

First the Powasson All Star Juvenile team will be in town for the weekend to face the Minden Juveniles in two contests. The first is slated for Friday evening, beginning at 9 p.m. at the arena. This game will follow the carnival opening ceremonies and the crowning of the queen and princess. The second contest is lined up for Saturday evening beginning at 8 p.m. Both games should prove to be interesting matches.

The winter carnival weekend also means the annual Novice tournament will take place Saturday at the arena. Eight teams will be taking part in the one day event which will conclude late Saturday afternoon with the consolation and championship games.

The tournament action begins at 8 a.m. when the Minden White team faces Haliburton. At 9 a.m. it will be the Minden Blue team against All Saints of Peterborough. 10 a.m. Bowmanville meets Knox of Peterborough while at 11 a.m. Pickering Village will play Huntsville. A special game between the Minden and Haliburton Tykes is slated for noon, with the novice teams advancing to consolation and championship

elimination rounds during the afternoon.

It will be an exciting weekend of hockey, one that will add greatly to everyone's enjoyment of the winter carnival.

Play-offs

Just a note to point out that play-offs will be starting soon in most divisions. Details will be published as soon as team officials let us know what they are.

Bill and Lenore Prentice

Just like dad, this young sno-cross enthusiast charts his own racing course on a parked snowmobile adjacent to the racetrack. The young lad's balaclava offers ample evidence of the frigid temperatures drivers, officials and spectators endured Saturday afternoon.

Rustlers hold second

On Saturday the Rustlers played host to an unsuspecting Lindsay team. They weren't exactly gracious hosts as they blew their opponents out of the rink 13-3.

The score was not indicative of the first two

periods, which were fairly competitive both on the ice and on the scoreboard.

In the final frame Lindsay ran out of legs and the awesome Rustler offense went to work scoring seven unanswered goals in 20 minutes. Brian Shaw led the

Rustler attack with seven unanswered goals in 20 minutes. Brian Shaw led the Rustler attack with 4 goals. Ted Vasey scored twice on breakaways and Charlie Berube added two as well.

Barry Shaw had the fans on their feet with a dazzling unassisted goal that started behind his own net.

Other goal scorers included Harris Steele, Dave Dollo, Dave Pettes and Joe Giles. Also contributing to the Rustlers' win was solid goaltending provided by Larry Kent.

This victory sees the Rustlers firmly in second place in the league behind Fenelon Falls.

The next game is on Sunday, January 29th against the Burnt River Bullies here in Minden at 7:00 p.m.

Juveniles grab consolation cup

A strong team effort by the Minden Juveniles resulted in a first place finish in the consolation round of the Creemore Tournament on the weekend. The team from Thornton took first place in the championship round of the eight team tournament.

Minden suffered its only loss to the top team losing 5-1 in the first day of competition. Scott Hamilton scored Minden's lone goal.

In the second game Minden bounced back defeating Smithville 6-3. Scott Hamilton scored a goal and added three assists. Jim McKelvey connected on a pair of goals and singles went to Eldon Bull, Kevin Hamilton and John McKelvey.

Minden ended the tournament with a convincing 9-4 win over Georgetown. Tim Deremo and Kevin Smith shared the goaltending duties in their team's victory. Eldon Bull led the Minden attack with four goals. Jim McKelvey added a hat trick and singles went to Scott Hamilton and John McKelvey. Boomer Stamp and Scott Hamilton both added four assists.

The Juveniles host Powassan at the Minden Community Centre on Friday, January 27 at 9 p.m. and have a return match on Saturday at 8 p.m. The

regular season ends on January 29 in Mactier. The team management is optimistic about the Juvenile's chances in the playoffs because of the player's recent wins and their enthusiastic attitude.

MINDEN MARINE

Highway 35 & Main Street

286-1011

Crashing into a snowbank along the edge of the iced track, this racer causes a plume of snow to fly into the air. The competition was keen as the first of four ice racing events was held this past weekend.

Just over 40 racers took part in the first ice racing event of the season Saturday and Sunday at the Minden fairgrounds.

The half mile ice track roared to life Saturday morning as the participants arrived with pit crews and spectators. The drivers, used to cool temperatures, battled frigid conditions on

Saturday to complete a number of heats in each division. The weather was more favourable as the group finished the weekend Sunday midafternoon.

The only local racers taking part in the event, members of the Tom Prentice family, finished in seventh and eighth position in their class. They were driving in the front engine,

front wheel drive, up to 3000 cc class. Tom Prentice, with co-driver Marg, finished eighth while son Jack was in seventh spot.

The top three finishers in each of the classes included: Class 2: front engine, rear wheel drive, up to 3000 cc: first Ken McCalla, second Richard Pell, third Bryan Rashleigh.

Class 3 & 4: rear engine,

rear wheel driver, up to 3000 cc: first Guy Nason, second Len Arminio, third Dave Bennett.

Class 5 & 6: front engine, front wheel drive, up to 3000 cc: first Duncan Osborne, Steve Robson, third Pete Wright.

Class 10: second drivers: first Al Norrie, second R. McCallum third Andrew Wood.

Hall's edges Home 5-4

The action is heating up in the Minden Mens Recreational League as the four teams head for the play-offs. In Monday night's action Halls Insurance and the

Society potluck supper

The Minden and District Horticultural Society held their meeting January 10 to tie up loose ends and to finalize the Annual Pot Luck Supper which will be held at Minden United Church on February 7 at 6:30 p.m. Everyone is invited to attend. Bring your plate, cup and cutlery and of course, don't forget THE POT!

The speaker for the evening will be Mr. Tony Hogworst from the Department of Horticulture and Agriculture, Guelph. Also attending will be Miss Hazel Wilson from Peterborough, our District Representative.

The Pot Luck Supper is a wonderful opportunity for Minden and area residents to come out to meet the people who help to keep Minden looking beautiful.

The Society will be very happy to welcome new faces and new members. Plan to attend the start of the Society's New Year by joining them at the United Church.

Rockcliffe Foamblowers added two points each to their records.

In the first game of the evening Halls came up with a narrow victory over Home Hardware, defeating them 5-4.

Neither team was able to score in the first 20 minutes of play but in the second period Halls went ahead 2-0 on goals by Larry Kent and Warren Payne.

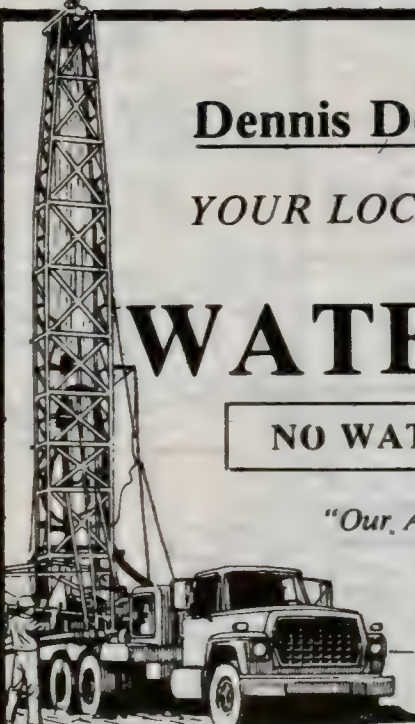

In the third period Home

finally got on the scoreboard after goals by Ted Vasey, Sid McKeigan, Barry Shaw and Jeff Campbell. However, Halls added three more goals to win the game by one goal. Dan Read, Collin Wilson and Jerry Campbell had a goal apiece for Halls in the final period.

The second game of the evening pitted the Rockcliffe Foamblowers against Hartwick Construction. The

'Blowers came up with a convincing 9-5 victory scoring three goals in each period. Dave Brown led the 'Blowers attack with a goal and 4 assists. Jim Keetch and Rick Boucher added a goal and 2 assists each and Harris Steele chalked up a pair of goals. John Barkwell was the big gun for Hartwick scoring two goals and an assist.

The teams meet again on Monday night beginning at 7 p.m. Admission is free.

NOTICE

TOWNSHIP OF STANHOPE

STANHOPE PARKS, RECREATION AND COMMUNITY CENTRES

"BOARD OF MANAGEMENT"

Applications for membership on the above noted Board will be received by the undersigned until Tuesday, February 7, 1984 at 5 p.m.

The said Board will be responsible, on behalf of the Township for the maintenance, operation, management and development of all recreational centres, parks, playgrounds and community centres in the Township.

For further information contact the Stanhope Municipal Office.

Gerald C. Bain, AMCT Clerk
Township of Stanhope
R. R. 1, Haliburton, Ontario
KOM 150

The mystery photo which appeared in the January 11 edition of The Times showing a rugged Highlands vista, is revealed in this photograph as a painting on the eastern end of the building which houses Miss Nora's Hairstyling. Unfortunately there were no correct answers and the monumental cash and merchandise prizes which were not offered, will not be awarded.

Area farmers are busy

- Ag. report -

A number of meetings of interest to farmers in Victoria and Haliburton Counties are being held in the next few weeks. In this report we will highlight a few of these events.

On Thursday evening, January 26th, two meetings will be held in the Lindsay Agricultural Office at 8:00 p.m. The Victoria County Wheat Producers Annual Meeting will be in the Board Room. This is an important updating session for all County wheat producers.

And the Lindsay Horseman's Association are holding an information Session on Foaling Problems, in the Conference Room.

On Friday, January 27, there will be an interesting session for dairy farmers at Ops Community Centre, discussing various breeding programs. This meeting is by pre-registration only and is completely sold out already. The Ontario Holstein Club, United Breeders and the Ontario Ministry of Agriculture and Food are jointly sponsoring this event.

The Victoria County Pork Producers have an important meeting on Saturday evening January 28, at the Fenelon Township Community Centre in Cambray, when the Councilmen to the Central Ontario Pork Council for the next three years will be elected. A banquet and dance will be held along with the County Annual Meeting that evening.

The East Central Farm Women's Seminar is on

Tuesday, January 31 with an interesting all-day session at the Lindsay Agricultural Office. Pre-registration is required for this event.

The Ontario Holstein Club is holding its Annual Meeting in Peterborough on Wednesday, February 8. This is the first time this meeting has ever been held in the East Central area.

Our Financial Management Short Courses for Beef

Producers, Young Farmers and Farm Spouses will start the first week in February and run for several weeks, with one session each week. Details on these courses are available from the Lindsay and Peterborough Agricultural Offices.

Looking farther ahead, the Ontario Horticulture Conference is being held in Toronto on February 14, 15, 16 - a detailed program is

available at the Lindsay Agricultural Office. A special training session for Pesticide Dealers will be held in Lindsay on February 14 and 15.

And don't forget the East Central Farm Show will again be held in Cambray - March 14 and 15 are the dates.

Goat expert addresses group

by Ernest Hills

On Sunday, January 15 the Haliburton Highland Goat Society met at the community centre in Gelert to hear one of Ontario's foremost speakers on the subject of goats. The membership responded with an excellent turnout of thirty two adults, several of whom were new faces in the group.

Our guest speaker was Mrs. Suzanne Bishop, former editor of Browse magazine, which is the official publication of the Ontario Dairy Goat Association, and in which capacity she produced one of the most informative and knowledgeable publications available in the country. Suzanne is also a qualified dairy goat judge of some renown, and is in considerable demand to judge at fairs all over the province.

She manages her own award winning herd of Toggenberg goats, with her husband and young son Beau. This past year she took some of the top awards in the Toggenberg class at the Royal Winter Fair. Suzanne came a considerable distance, from Orton Ontario in the Orangeville area, to speak to us, and on a bitterly cold day. We deeply appreciate her efforts to come here and address our novice group.

Her presentation was informative, and her infusion of humour and personal

anecdotes held everyone's attention over the course of the afternoon. She touched on many subjects related to maintenance of a goat herd, including management, health, show animals, breeding, and registration of upgraded stock, including deciphering some of the many symbols used in breeding ads and registries.

Interestingly Suzanne was in agreement with a quote which was voiced from the audience, by Dennis Timbrell, Minister of Agriculture, who said that, and I'll paraphrase, goat keepers will never be a serious part of the agricultural community because of the impractical sentimentality for their animals.

Of course this is true, and until we come to realize the potential of chevon (goats meat) within the market place, as well as the need for pragmatic culling of inferior stock from our herds for the purpose of upgrading, we will lack that credibility we strive for.

Despite the fact that it was after five o'clock when Suzanne finished her presentation, it was after six before she got away from the many questions and intent listeners, who found her so fascinating. Thank you again Suzanne, on behalf of the entire membership of the Haliburton Highland Goat Society, and a special invitation to come and visit any time as our guest.

Volunteer's day, Friday

by Marie Wallace,
Co-ordinator

May I remind you again of the Volunteers' Day coming up this Friday (January 27) at the PineStone Inn. Everyone is invited - if you are not a volunteer now, perhaps you will become a volunteer in the future!

At 10:30 we will hear the reports from all our Convenors, and I am sure you will be impressed with the quality of service given, and the numbers of seniors receiving assistance. Our dinner will be served in the beautiful dining room for a cost of \$4.00.

The highlight of the day will be our guest speaker, Dr. Joy Ballard from Wilberforce - we feel privileged to have her living in our area and having her share her thoughts with us. Marilyn Stouffer will lead a sing-song while Harold Brod-hagen and Betty Salvatori provide the accompaniment.

Once again, I would like

to thank all the volunteers of our organization - those who deliver Meals on Wheels, no matter what the weather; the volunteers who drive their cars to transport people to a Wheels to Meals program; those who provide transportation to doctor's appointment, etc., whether it's local or out-of-town, and as far away as Toronto; to those who faithfully call someone living alone, often on a daily basis; and those who visit others regularly. May we also thank those who provide home help -

they receive the minimum wage of \$3.50 per hour but so often give of themselves to provide little extras for others. In thanking volunteers I cannot forget the Executive and Directors who spend countless hours at meetings and in driving to meetings, and discussing and publicizing the Home Support organization within their communities.

Hope you will be involved in "Volunteers' Day", it is not too late to reserve your dinner, but do so immediately by calling 457-2941.

County hears annual reports

Annual reports from a number of county agencies were presented at the first Haliburton County Council meeting of 1984, January 18.

Two agencies which offered detailed accounts of their activities last year were Hyland Crest Home and the County Library Service.

Home director Syd Brown presented the Hyland Crest annual report. He noted that this was the eighteenth year of operation for the home and that the cost of replacing and repairing items in the home had grown over the years.

Brown noted that the home had operated at capacity for the entire year and had a long waiting list.

"We are lucky at Hyland

Crest," the administrator commented, "we have a staff that really cares."

He pointed out that the home not only provides a service to senior citizens in the county, but, through the number of employees at the home, provides income for a large number of area residents. He noted that a portion of the cost of running the home is supplied by the provincial government.

The meeting was told that the capacity of the home has been expanded from 60 to 62 beds, 42 of which are extended care beds.

Brown said the residents' council was active and, along with the assistance of the home's auxiliary, there is

a "happy family atmosphere at Hyland Crest."

The administrator introduced the president of the residents' council, Mrs. Edith Welch. She told the councillors that the residents, "were well taken care of at Hyland Crest. We're glad to be there, the staff is great, the place is clean." She invited members of the county council to, "come on up and have a look around."

Library report

County Librarian Stanley McDougall presented the report on the year's activities for the Haliburton County Public Library system.

Noting a number of highlights of the year, he mentioned the new library in Bicroft, and a number of new members who joined the board of directors. He also pointed out that the local libraries will now be part of the Central Ontario Regional Library System.

McDougall noted that circulation has increased throughout the system and requests for material are of a "more sophisticated nature."

He paid tribute to the library staff for their dedication and hard work and expressed the apprecia-

tion of the board for Roy Brohm who had served on the board for a number of years. McDougall pointed out that Mr. Brohm had been a founding member of the county library system and had served as chairman of the board from 1977 to 1983.

Dysart Reeve Murray Fearrey noted that the library budget has shown an overexpenditure this year. He traced the extra cost to the purchase of books. "This is the third time in five years this has happened," Fearrey pointed out, "don't we have some control over the purchase of books?"

Library board representative Bill Howe explained that the board was often unaware of how much the provincial support grant would be until the money is committed.

Fearrey said the practise was unacceptable. He said the board should be sticking to the budgeted amount.

Howe said the 1984 budget should reflect the funds from all sources and give the board control over the spending.

A letter of appreciation from the County Council will be sent to Roy Brohm thanking him for his many years of service to the county library system.

Did you know?

by Ruth Foster

Did you know — that regardless of the posted speed limit, motorists meeting a school bus with red lights flashing must STOP unless they are on a highway divided by a median. This does not apply to any of our highways in Haliburton Highlands.

Conviction for failure to stop carries a fine of \$100 to \$500 for a first offence; for each subsequent offence, a fine of \$250 to \$1000 or imprisonment for up to six months, or both and an assessment of 6 demerit points.

This is not something that should be taken lightly. A child's life depends on the fact that you know and obey this law.

The Haliburton County Information Centre is here for people of all ages. We

would love to hear from you. If you have a question you would like answered, call us at (705) 457-2733 or drop in. We are located in the Drag River Municipal Building in Haliburton. Our office hours are 10:00 a.m. till 4:00 p.m. Monday to Friday.

And remember, you will never know the answer until you ask the question.

WHY WAIT FOR SPRING?

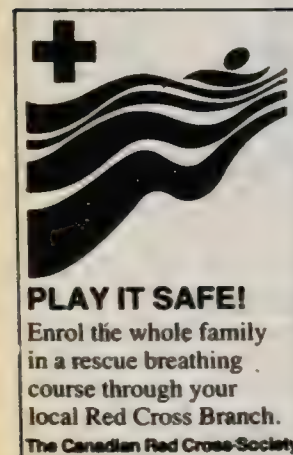

HOUSE BUYERS could save many dollars buying now and taking possession in the spring. No one likes to move during the cold when fuel bills are high and weather stormy. Spring months traditionally are when buyers start to look around. BUT as demand increases - so do prices. Make your deal now then both buyer and seller can make plans for spring moving without those short time closing pressures. Enjoy your life's biggest expenditure and investment.

HOMES

\$59,500 4 BR side split with rec room, full wall brick fireplace, airtight stove in rec room, 1 1/2 baths, living room with walkout patio doors onto back deck, stove, fridge, dishwasher included, lovely spacious lot in Minden residential area.

\$32,900 Minden starter or ideal retirement home. This cozy 2 BR bungalow has a very attractive interior, full basement with unfinished rec room and spare bedroom, spacious "L" deck, new vinyl siding, walking distance of all downtown shopping.

"WHERE THE ACTION IS"

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

More nonsense is talked about the Scottish haggis than anything else in the world.

Some joke that it is a small animal in tartan running about the Highland mountains.

Scotsmen tell Englishmen that it's something that can be shot only by the light of the full moon in January or that when young, it must be fed nothing but porridge.

A South African radio station announced, in all seriousness, that the haggis-shooting season had opened in Scotland.

But seriously folks ... The haggis is simply, a super-duper sausage. It consists of Sheeps' heart, liver and seasonings of all kinds. Haggis is sewn up in a genuine sheep's stomach or in the lining of its big intestine. It is usually served with mashed turnip (neeps) and mashed potatoes (tatties) and 'nips' (lots of whisky).

Very happy birthday wishes to Mr. Waldron Clement of Minden who celebrated his 95th birthday last Thursday. Congratulations sir and may we wish you many more!

Bradley Robinson and a friend, Ted East, have gone to Jamaica for a short

holiday in the sun. Bradley is the son of Florence and Phil Robinson of Minden. Hope you have a wonderful time away from the snow and cold, Bradley.

Visitors with Cliff and Jean Lacey recently were their son Bill, his wife Wendy and children Dawn, April and the latest addition to the family, Jeremy.

The Horticultural Society will be holding their annual Pot Luck supper at the United Church, Minden at 6:30 p.m. Speaker for the evening will be Tony Hogworst of the Department of Horticulture and Agriculture and everyone is cordially invited. Try to attend this supper - get out and meet some of the beautifiers of our village.

Winners at St. Paul's card party held last week were, for cribbage Joyce Hewitt and Norah Briggs. Euchre - lone hands - Freda Stacey, High - May Eldridge and

Trudy Coulter. Travelling Lone Hand - Irene Houghton.

Lots of visitors in town this past weekend for the ice races at the fairgrounds. This coming weekend will be

even busier with the annual Kinsmen Winter Carnival. Make sure you get out to join the festivities. It looks like a fun weekend.

Alex Stevenson came through again with the card party results from Club 35 at Halls Lake. Euchre - Ladies High - Minnie Dawson. Men's High - Bruce Cummings. Most lone hands - Fern Donnelly. Draw winner - Mildred Beatty. Other prize-winners - Elinor Ferris, Alex Stevenson, and Art Beatty.

We were very sorry to hear last week that Eric Mitchell of the MNR had suffered a heart attack and had been taken to Ross Memorial hospital in Lindsay. However, we were relieved to hear from his wife Shirley that he is now out of intensive care unit and is coming along. We hope you get well soon Eric and will be back among your family and friends.

Another Minden resident who is also in Ross Memorial is Mrs. Ethel Leigh and we are happy to hear she should be coming home very soon. It will be nice to see you around town again Mrs. Leigh.

We also were sorry to hear that another of our subscribers, Frank Payne of Rexdale (brother of well-known local realtor, Bill) is also a patient in Lindsay. We trust you too are on the road to recovery Frank and will be back with your family and friends in the near future.

president of the Resident's Council - accompanied Mr. Brown to County Council down in Minden town. At the meeting Mr. Brown gave an excellent report on the operation here and all could hear him very loud and clear.

Edith spoke on things here at Hyland Crest, saying here we are truly blest.

We have some clever people here at Hyland Crest. The ones who are taking the nursing course did their very best when they wrote their first exam they chalked up a real high score, some got ninety per cent, some got even more.

It was nice to have Rev. Westhaver call on Friday afternoon, on time to join in sing song and sing some merry tunes.

A Letter of Thought
If times are hard and you feel blue

Think of others who are worrying too.

Just because your trials are many.

Don't think the rest of us haven't any.

Life is made up of smiles and tears.

Joys and sorrows Mixed with fear

And though to us that seems one-sided

That trouble is pretty well divided.

Bert Harrison

senior league

by Bert Harrison

January is half gone, and we say let it go. It is blowing and we have so much snow. But you ain't seen nothing yet. In my younger days I drove to Minden from Carnarvon, with horse and cutter, for a Mr. and Mrs. Ed Barry when the thermometer read 52 below.

At the chapel service Sunday night, Rev. Burgess took his sermon from Rev. chapter 3, verse 20 "Behold I stand at the door and knock; if any man hear my voice and will open the door, I will come in, and sup with him and he with me."

Monday morning we had no fun and fitness, no one here to take the part. Doris' car wouldn't start. Linda showed us interesting movies Monday night. "Carpet Magic", "Age of the Buffalo" and "New Zealand" which was quite a sight.

Rev. Westhaver of Minden United Church conducted a very impressive Communion service, in the chapel this Tuesday. Fred Ballard came the music to play, we thank them both for coming this January day.

Tuesday afternoon down in the craft room, we had a lot of fun. When we played a quiz game with A and B

teams, the A team won.

The Watson, Smith team came again on Tuesday night, along with the violinist from Lindsay who helped do the job just right. They played grand music and entertained us fine, we look forward to them coming next time.

On their way back to Colorado Heather Bowron had the misfortune of breaking her big toe. On January 17 Cheryl Dillon had a birthday. Congratulations Cheryl on your birthday we would like to say.

Down and fun and fitness playing bucket ball Amelia Good made the highest score of all. Thursday afternoon the Minden U.C.W. ladies came along and served a real tasty lunch and joined in a sing song. A different group comes in each week. They very seldom miss. We enjoy the food they bring, also the fellowship.

The Bingo was called by members of the Kinsmen Club. Pete and Chris Dollo, Larry McKnight and daughter, who called the numbers and did the job just right, we thank you for coming every Thursday night.

Edith Welch, who is

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward,

backward and diagonally. They are all in a straight line and do not skip letters.

It's as easy as that. Have fun.

Q: What do you call a monster who's only three feet tall?

A: Shortie

Q: What three letter word is a mousetrap?

A: CAT

Q: Why does a giraffe eat so little?

A: Because a little goes a long way.

Q: If two is company and three's a crowd, what is four and five?

A: Nine

Q: What kind of shoes are made of banana skins?

A: Slippers.

Q: What month has 28 days in it?

A: All months have.

Q: Ever see a fat jogger?

A: Not for long.

- Dr. Joy Ballard, Music,
Fun! Come and bring a
friend. Call the office
immediately for a reserva-
tion - 457-2941. 1D

January 31 - 7:30 p.m. Free
lectures from the Royal
Botanical Gardens. This
week's topic: "What's
Wrong With My House-
plant?" To take place at the
Drag River Municipal
Building (opposite Emmer-
son Lumber), Maple Ave.,
Haliburton. Sponsored by
the Lake Ontario Regional
Library System. 1D

CARD OF THANKS

I wish to thank all the people
who have wished me well in
my recent retirement from
the post office. It has been a
privilege working with the
various members of the staff
and serving the public
during my 25 years of
employment.

Mabel Deacon

A very special thank you to
Alf Kimble and family,
Doctor Holliday-Rhodes,
the nurses at Minden Red
Cross Hospital, and to all
who were concerned. Words
cannot express the gratitude
we feel. May God bless each
of you for caring and shar-
ing.

Eric & Shirley Mitchell
and family

**We need you
now more
than ever.**
